National Consultant Information Programme (NCIP)

Procedure Dashboards for Orthopaedics

G I R F T

GETTING IT RIGHT FIRST TIME

Professor Sir Norman Williams
Chair of NCIP

“We recommend that there should be a single repository of the whole practice of consultants across England, setting out their practising privileges and other critical consultant performance data, for example, how many times a consultant has performed a particular procedure and how recently”

**Report of the Independent
Inquiry into the Issues raised
by Paterson. Feb 2020**

Orthopaedic NCIP Dashboards

Foot and Ankle	Excision of osteophyte or spur of the foot and ankle age 17+ elective	Hand and Wrist	Small joint replacement in hand age 17+ elective
Foot and Ankle	Ganglion excision of foot age 17+ elective	Hand and Wrist	Trapeziectomy age 17+ elective
Foot and Ankle	Primary 1st metatarsal osteotomy age 17+ elective (HVLC)	Hand and Wrist	Trigger finger release age 17+ elective
Foot and Ankle	Primary 1st MTP fusion age 17+ elective	Hips	Arthroscopic hip procedures age 17+ elective
Foot and Ankle	Primary 2nd-5th metatarsal osteotomy age 17+ elective	Hips	Primary hip replacement age 17+ elective (HVLC)
Foot and Ankle	Primary ankle fusion age 17+ elective	Hips	Primary periarticular osteotomy of the hip or pelvis age 17+ elective
Foot and Ankle	Primary ankle replacement age 17+ elective	Hips	Revision hip replacement age 17+ elective
Foot and Ankle	Primary corrective osteotomy of the foot or ankle age 17+ elective	Hips	Revision hip replacement age 17+ non-elective
Foot and Ankle	Primary hindfoot fusion age 17+ elective	Hips	Surgical procedure for fractured neck of femur age 17+ non-elective
Foot and Ankle	Primary IP joint fusion of the toe age 17+ elective	Knees	Arthroscopic knee procedures age 17+ elective
Foot and Ankle	Primary joint reconstruction of the foot and ankle (excluding TAR) age 17+ elective	Knees	High tibial osteotomy age 17+ elective
Foot and Ankle	Primary midfoot and forefoot fusion age 17+ elective	Knees	Primary cruciate ligament reconstruction age 17+ elective (HVLC)
Foot and Ankle	Procedures on nail or nailbed of toe age 17+ elective	Knees	Primary resurfacing of patella age 17+ elective
General	Fixation of bone age 17+ elective	Knees	Primary total knee replacement age 17+ elective (HVLC)
General	Removal of metal work (elective fixation) age 17+ elective	Knees	Primary unicompartmental patellofemoral joint replacement age 17+ elective
Hand and Wrist	Amputation of hand or finger age 17+ elective	Knees	Primary unicompartmental tibiofemoral joint replacement age 17+ elective (HVLC)
Hand and Wrist	Amputation of hand or finger age 17+ emergency	Knees	Revision cruciate ligament reconstruction age 17+ elective
Hand and Wrist	Dupuytren's age 17+ elective	Knees	Revision knee replacement age 17+ elective
Hand and Wrist	Excision of osteophyte or spur of the hand and wrist age 17+ elective	Lower limb	Primary corrective osteotomy of lower limb bone (excluding HTO) age 17+ elective
Hand and Wrist	Ganglion excision age 17+ elective	Nerves	Primary brachial plexus procedures age 17+ elective
Hand and Wrist	Primary carpal tunnel release age 17+ elective	Nerves	Primary peripheral nerve neurolysis or decompression age 17+ elective
Hand and Wrist	Primary corrective osteotomy of the hand age 17+ elective	Nerves	Primary peripheral nerve neurotomy age 17+ elective
Hand and Wrist	Primary cubital tunnel release age 17+ elective	Nerves	Primary peripheral nerve repair age 17+ elective
Hand and Wrist	Primary joint reconstruction of the hand age 17+ elective	Oncology	Procedures for benign and malignant neoplasms of peripheral nerves age 17+ elective
Hand and Wrist	Primary wrist fusion age 17+ elective	Oncology	Procedures for benign and malignant neoplasms of soft tissue age 17+ elective
Hand and Wrist	Primary wrist replacement age 17+ elective	Oncology	Procedures for benign and malignant neoplasms of the bone age 17+ elective
Hand and Wrist	Revision carpal tunnel release age 17+ elective	Orthopaedics	Congenital hand surgery age 0-16 elective

Orthopaedic NCIP Dashboards

Shoulder and Elbow	Acromioclavicular joint surgery (ACJ) age 17+ elective	Shoulder and Elbow	Primary surgery for epicondylitis age 17+ elective
Shoulder and Elbow	Arthroscopic biceps procedure age 17+ elective (HVLC)	Shoulder and Elbow	Release of contracture of elbow joint age 17+ elective
Shoulder and Elbow	Excision of calcific tendinopathy age 17+ elective	Shoulder and Elbow	Revision elbow replacement age 17+ elective
Shoulder and Elbow	Excision of olecranon bursa age 17+ elective	Shoulder and Elbow	Revision rotator cuff repair age 17+ elective
Shoulder and Elbow	Frozen shoulder surgery age 17+ elective	Shoulder and Elbow	Revision shoulder replacement age 17+ elective
Shoulder and Elbow	Primary elbow replacement age 17+ elective	Shoulder and Elbow	Shoulder stabilisation surgery age 17+ elective
Shoulder and Elbow	Primary rotator cuff repair age 17+ elective	Shoulder and Elbow	Subacromial decompression age 17+ elective
Shoulder and Elbow	Primary shoulder replacement age 17+	Upper limb	Primary corrective osteotomy of upper limb bone age 17+ elective

Spinal Surgery NCIP Dashboards	
Adult spinal deformity correction age 19+	Primary posterior lumbar decompression / discectomy age 17+ emergency
Anterior lumbar surgical approach age 17+	Revision posterior lumbar decompression / discectomy age 17+
Cervical and thoracic facet joint denervation age 17+	Sacroiliac joint injection age 17+
Cervical and thoracic medial branch block / facet joint injections age 17+	Spinal cord stimulators age 17+
Coccygectomy age 17+	Spinal nerve root ablation age 17+
Direct lateral interbody fusion (DLIF) age 17+	Syringomyelia procedures age 17+
Discography age 17+	Thoracic discectomy age 17+
Dynamic stabilisation and/or lumbar interspinous spacer age 17+	Upper cervical spine fusions age 17+
Excision of intradural intramedullary spinal cord tumours	Vertebral cement augmentation age 17+ elective
Insertion of growing rods 18 and under	Vertebral cement augmentation age 17+ emergency
Lumbar disc replacement age 17+	Anterior cervical spine decompression / fusion / disc replacement (HVLC) age 17+
Lumbar facet joint denervation age 17+	Cervical nerve root block / epidural (HVLC) age 17+
Paediatric early onset spinal deformity correction age 9 and under	Lumbar medial branch block / facet joint injections (HVLC) age 17+
Paediatric late onset spinal deformity correction age 10 - 18	Lumbar nerve root block / epidural (HVLC) age 17+
Posterior lower cervical spine fusion age 17+	Primary one- or two-level posterior lumbar fusion surgery (HVLC) age 17+
Primary and revision anterior cervical corpectomy age 17+	Primary posterior lumbar decompression / discectomy (HVLC) age 17+ elective
Primary and revision posterior cervical decompression (without fusion) age 17+	

Paediatric Orthopaedic NCIP Dashboards (TBC)	
Amputation of hand or finger age 0-16	Primary 1st MTP fusion age 0-16
Developmental dysplasia of the hip (DDH) age 0-16	Primary carpal tunnel release age 0-16
Distal femoral osteotomy age 0-16	Primary hindfoot fusion age 0-16
Fixation of bone age 0-16 elective	Procedures for benign and malignant neoplasms of soft tissue age 0-16 elective
Ganglion excision age 0-16	Procedures for benign and malignant neoplasms of the bone age 0-16 elective
Ganglion excision of foot age 0-16	Procedures on nail or nailbed of toe age 0-16
Hallux valgus age 0-16	Release of contracture of elbow joint age 0-16
High tibial osteotomy age 0-16	Removal of metal work (elective fixation) age 0-16 elective
Intra-articular (ACL PCL) operations age 0-16	Shoulder primary fracture reduction and fixation age 0-16 emergency
Knee non-cruciate ligaments operations age 0-16	Shoulder stabilisation surgery age 0-16
Meniscal procedures or meniscectomy age 0-16	Toe straightening procedures age 0-16
MPFL reconstruction age 0-16	Trigger finger release age 0-16

NCIP: Further help and information

Any enquiries, please email:
England.ncip@nhs.net
