Cloud based
Access your clinic from anywhere.

Patient communication
Send appointment reminders and forms.

Digital dictation
Dictate letters easily via the mobile app.

Mobile app
Uninterrupted access to your practice, when you're on the move.

Video consultations
Easily connect with your patients online.

Patient portal
Allow patients to book appointments and complete questionnaires.

Billing and payments
Easily create invoices, keep tabs on unpaid ones, and speed up payments to boost your financial performance.

Medical records
All-in-one solution for streamlined workflows, data accuracy, and seamless practice operations.

Dynamic diaries
Enjoy the simplicity of viewing multiple diaries and coordination of schedules in your clinic.

“ I've been using iMedDoc for nearly 10 years and in that time I have been thoroughly impressed with every aspect of the platform. The functionality is great. I couldn't ask for more! ”
